## Yamaha Keyboards With Lorraine Creedon

With 20 years of teaching experience, Lorraine is proud to boast a 100% pass rate in all pupils examinations, both theory and practical with over 95% gaining distinctions and some have even gained an impressive 100%!

As with the other music sessions, the first lesson is a TASTER, so you can meet the tutor and make a final decision to start. Most do!

This is a Yamaha accredited class. We are also keen to start a new adults class, please let us know if this is of interest to you.

On completion of the Yamaha keyboard course, students will be able to: operate a keyboard with confidence and with a good technique, play by ear and read from traditional notation, accompany other musicians and improvise as well as play solo, take their first steps in the arts of arranging and composing and learn how to record their creations on their instrument

Examinations are available for those who wish to plan their progress. Martin also runs holiday club percussion classes where a mixture of ages, parents and one or two grandparents have joined in and had fun! These sessions are good 'tasters' to test interest.
